

Seasonal Balcony Garden Checklist — Jan to Dec

Use this printable checklist to plan planting, care, and harvest tasks for your balcony garden throughout the year.

| Month | Key Tasks | Done |
|-----------|---|------|
| January | Prepare soil, plant leafy greens, protect from wind | ■ |
| February | Start herbs, light feeding, monitor moisture | ■ |
| March | Transplant seedlings, increase sun exposure | ■ |
| April | Plant warm-season crops, regular watering | ■ |
| May | Mulch pots, start harvesting herbs | ■ |
| June | Shade during heat, daily moisture checks | ■ |
| July | Maintain plants, prune regularly | ■ |
| August | Watch pests, quick greens planting | ■ |
| September | Refresh soil, restart cool crops | ■ |
| October | Plant herbs and greens, steady watering | ■ |
| November | Reduce feeding, harvest leafy greens | ■ |
| December | Clean pots, plan for next season | ■ |
